Dear Valued Partner,

The burden of overseas freight rates that have tripled in the last year, combined with higher raw material costs, is forcing LK to raise its prices. Unfortunately, to continue providing you with the reliable service and product availability you have come to expect from LK, we must pass on a portion of our escalating costs to you.

Effective August 1, 2021, LK® will raise prices by an overall average of 5%.

Your new price list will be available Tuesday, July 6.

While prices on most LK products, including Red Rock overwrap meat films, are increasing, several exciting product lines will remain unchanged, like surgical masks, exam-grade nitrile gloves, plant-based packaging, paper straws, tamper-evident takeout packaging and more.

LK Custom Solutions will continue to be priced at current market conditions at time of order.

Beginning Tuesday, you will be able to view or download your new price list after logging into your account on [LKpkg.com](https://lkpkg.com) and following the link at the top of any page to the **Staged Price List**.

Once the new prices take effect on August 1, you can view your new pricing by following the links below "Selective Price Adjustments" on the [Net Price List](#) page.

As always, please contact LK Customer Care at (800) 809-8393 with any question.

Thank you for continuing to trust LK to act in mutual interest as your resource for in-demand packaging.

Sincerely,
