Price Increase Notification

Dear Valued Customer,

As you are aware we continue to experience unprecedented escalation of our raw material as well as other manufacturing costs such as corrugate. Despite our best efforts to control these costs we are now in the position of having to further increase our pricing.

Amhil North America will be implementing a price increase of 8% on all Polypropylene (PP) and all Polystyrene (HIPS) products effective **March 1st 2021**.

All orders received prior to **Feb 26th, 2021** calling for immediate shipment will be accepted at current prices and must be based on normal purchase patterns, we will not be able to accommodate buy-ins.

Additionally, all POD's, contracts and bid prices will increase when applicable per their Agreements.

We are in the process of updating your Price List for these products you currently purchase and will send to you prior to March 1st implementation date.

We value your business and thank you for your continued support of amhil North America.

If you have any questions regarding this price increase, please contact your Amhil sales representative.

Sincerely,

A handwritten signature in blue ink, appearing to read "Alison White", is positioned above the typed name.
