To Our Valued Customers:

Continued allocation procedures in addition to supply & demand imbalances in the resin markets have forced raw material suppliers to implement their July 1st, 2021 price increase. This is the eighth consecutive month with raw material increases beginning in December, 2020.

Because of the July 1st resin increase Berry Global will implement a price increase of 6% (product line specific) on all Can Liners, Food Bags, Table Covers, Aprons, Bibs, Poly Boots and Poly Gloves. This increase will take effect with all orders placed on or after August 30th, 2021. Berry Global reserves the right to limit the size of orders to historical quantities to better serve the anticipated demand of our customers. All orders must call for immediate delivery.

Berry Global will work closely with you to manage the impact of these price adjustments and keep you abreast of changing market conditions. Your local sales professional is always available to answer any questions you may have.

Thank you for your business and continued support.

Sincerely,
