REVISED PRICE INCREASE NOTICE:

Box Express will be going up 15% on orders placed Monday, March 14<sup>th</sup>,2022. Please note that any orders that come in after 12:00 noon on Friday, March 11<sup>th</sup> will be processed Monday, March 14<sup>th</sup> at the new price level.

As always, we will keep in touch with our paper suppliers and continue to monitor the market for any changes to this date.

I want to point out that sometimes we get responses that Pulp and Paper has not shown a price per ton increase. Unfortunately, several of the paper suppliers now act independently of this publication.

As always, feel free to contact your customer service rep. if you would like any further clarification.
