

BOXit Corporation

March 15, 2022

Dear Valued Customer:

Effective with shipments on May 16, 2022, Boxit will increase the cost of all products 14%. Our board and corrugated suppliers have announced two additional increases this year. Increases in supplies, freight and labor are also contributing factors in determining this price change. Your sales representative will receive new price lists by mid-April.

Due to surging fuel costs, truckload carriers are passing on fuel surcharges. This additional cost, where applicable, will be billed separately for the period 3-18-2022 through 5-13-2022. You will be notified prior to shipment.

We appreciate your business and your continued commitment to Boxit. We look forward to providing you with superior products and service.

Sincerely,

Mark Cassese
