

Notification of Price Adjustment Effective January 1, 2026

Dear Valued Customer,

We appreciate your continued partnership with Cambro. Our team remains committed to providing innovative and quality products that promote safety, efficiency and cost savings for you and your customers. As part of our commitment to transparency, we are notifying you of an upcoming price adjustment, effective January 1, 2026.

Since our last increase on July 1, 2022, Cambro has experienced significant cost pressures across key categories including utilities, labor, supplies and packaging. Freight and materials have also risen. These increases reflect both industry-wide inflation and specific operational demands. We have worked diligently to manage these increases and maintain competitive pricing.

The cumulative effect of these cost drivers results in an average price increase of **3.4%** on our current mix of sales. This adjustment aligns with market trends and ensures Cambro remains competitive while continuing to deliver the quality and durability you expect.

Please note average price increase on key product categories below:

- Food Storage 2.5%
- Camshelving and Mobile Trolleys 3.2%
- Camracks 4.0%
- Trays 4.5%
- Insulated Transport 6.6%

We thank you for your continued trust in Cambro. If you have any questions regarding these changes, please contact your Cambro representative.

Sincerely,

Tucker Campbell
VP of Global Sales and Marketing

Melissa Goss
VP Marketing & Sales Operations
