To Sean,

This letter is to inform you of the impending change in prices for all Cappuccine Frappe Mixes. This increase is directly related to the continuing escalation of the cost of raw materials as well as the significant rise in the costs of freight, containers, and pallets.

Specifically, the cost of commodities such as sugar and coffee have increased upward of 30% in the last the last three years.

The detail pricing information is attached to this letter.

As always, Cappuccine Inc. is grateful for your continued business and look forward to providing for your needs in the future.

Sincerely,

Gabriela Vasquez
