March 29<sup>th</sup>, 2021

Dear Valued Customer,

Due to the relentless escalating pulp market in our specialty paper business, Dunn Paper will be increasing our pricing \$50 per ton on specialty products including flat sheet, clay-coated, water-based coated and waxed papers.

This increase will be effective May 1<sup>st</sup>, 2021 on all shipments confirmed to ship in May or later. Dunn will strive to ship every order possible until then. Customers may only order the equivalent of 1/12<sup>th</sup> of their previous twelve months' volume for existing price consideration.

Updated price sheets will be available as soon as possible before May.

Please feel free to discuss any details regarding this with your sales representative. We look forward to continuously improving our sustainable innovations, service, and quality for your business needs.

Thank you for your support, we truly appreciate your business!

A handwritten signature in blue ink, appearing to read "Joe Doyle", is written over the printed name.
