August 21, 2026

Dear Valued Partner,

We are pleased to announce a **price decrease of up to 8%** on into categories spanning hundreds of LK stock items produced from domestic raw materials, effective Monday, August 24, 2026. This reduction reflects recent corrections in domestic resin prices, and it applies to all orders placed on or after today.

We also want to be direct about what is not changing. Prices on smaller bags and imported items will remain unchanged, as elevated ocean freight rates and ongoing disruption tied to the Middle East conflict continue to keep landed costs high in those categories. LK's pricing is reviewed continuously against the market, and we will communicate further adjustments, in either direction, as conditions warrant.

You will be able to view, download, and take advantage of your new, reduced price list by logging into your LK Webstore account and going through your profile icon to Account Management / Price List.

If you don’t have an LK Webstore account, simply enter your company’s billing zip code and LK account number to register here.

As always, LK Customer Care is available at (800) 809-8393 with any questions.

Thank you for continuing to trust LK for on-time delivery of quality packaging at competitive prices. We value the partnership, and we remain committed to strength through partnership.

John Hackett

Vice President of Pricing and Strategy
