RE: Announcement of Price Adjustment

Dear Valued Customers,

In February and March 2025, the U.S. government increased tariffs on various imports including **25%** on stainless steel and aluminum products and **20%** more on imports from China. These changes have raised costs for many of our products, potentially affecting pricing and availability. We are working to mitigate these impacts by exploring alternative sourcing options and adjusting our supply chain strategies. However, some adjustments in product pricing and availability may be unavoidable. Although we are trying to absorb more costs on our end, we are left with no choice but to do a price adjustment of **8%-18%** increase effective on April 15, 2025. We understand the importance of transparency and will continue to keep you informed on how these developments may affect your experience with our products and services.

Effective 4/15/2025:

- All open orders will reflect new pricing
- Backorders will reflect new pricing
- AutoQuotes will be updated

Thank you for choosing GSW as your trusted partner. If you have any questions, our dedicated customer service team is ready to help. We value your continued support and look forward to serving you.

Wishing you continued success,

GSW
