Subject: **Kraft Heinz Foodservice List Price Changes on June 27, 2021**

Throughout 2020 and 2021, Kraft Heinz has worked diligently to remain agile and support its customers to the utmost of its abilities during these unprecedented times. However, like its peer set, Kraft Heinz has continued to face inflationary headwinds. While pricing across the Foodservice industry has continued to rise, Kraft Heinz has been working to simplify its business processes and eliminate unnecessary costs to help absorb potential cost increases. These efforts are ongoing, and the team continues to monitor costs closely. Kraft Heinz is committed to delivering value to you by providing an unmatched portfolio of high-quality products and unparalleled brands. Kraft Heinz is also committed to reinvesting back into its business and spending the necessary capital to ensure it has ample resources and products available to accommodate its customers' needs.

To account for the inflation the business is experiencing across its portfolio, Kraft Heinz is adjusting list prices to partially offset this cost pressure. These price changes represent a 1.9% increase on the total Kraft Heinz Foodservice branded portfolio.

The table attached, Appendix A, details these changes across Kraft Heinz Foodservice's product categories by SKU. Only products that are listed in the SKU detail are impacted by this list price change.

Kraft Heinz will take this price action on June 27, 2021.

Pricing Rules

Product ordered with a purchase order date (PO date) on or after the effective date (June 27, 2021) will be priced at the new price.
