

Dear Valued Customer,

We're writing to inform you that our updated price sheet, effective July 1, 2025, has been finalized (attached). We approached this update with a highly strategic and thoughtful process, applying targeted adjustments by product rather than a blanket increase across the board.

By carefully analyzing the impact of tariffs and rising material costs, we were able to absorb a portion of these increases internally, minimizing the effect on our customers. As a result, the average increase across all products is 4.86%.

For confirmed bar project purchase orders, we are offering an extension on the approval deadline following the price adjustment. If a purchase order is submitted by June 30th, 2025, with a standard delivery date per our current lead times, you will have until July 31st, 2025, to finalize and sign off on drawings while retaining the old pricing.

We remain committed to transparency, stability, and long-term partnership. If you have any questions our team is here to support you.

Thank you for your continued trust in Krowne.

Regards,

The Krowne Team
