Dear Valued Partner,

Effective October 1 and in response to rising material costs, we have adjusted pricing on some products and left others unchanged, resulting in increases of up to 5% and an overall average increase of 3%.

Our ongoing supply-chain refinement allows you to get the right LK products where and when they're needed. Recently, this has meant incurring costs far greater than those we're now passing on.

Beginning Monday, you will be able to view or download your new prices after logging into your LK account on our website and following the link at the top of any page to the [Staged Price List](#).

When the new prices are live, on the dates listed above, you can view your new pricing by following the links below "Selective Price Adjustments" on the [Net Price List](#) page.

While you're logged in, I encourage you to also take a look at your [Company Profile](#) to manage settings for electronic communication, including preferences for emailed order and shipment notifications.

As always, please contact LK Customer Care at (800) 809-8393 with any question.

Thank you for continuing to trust LK for on-time delivery of quality-crafted packaging at competitive prices and for recognizing LK's continued commitment to strength through partnership.

Sincerely,
