To Our Valued Customers:

Due to a rapid escalation of raw material costs, transportation costs and supply disruptions from our mills, Papercutters must implement a price increase of 7%-12% depending on the paper grade. New pricing will be effective for orders placed on or after July 12, 2021. However, a PO placed for future orders beyond 30 days (ie: custom prints) may have additional increases.

A new price list will be available on July 12, however, for specific pricing before this increase, please contact us. Also, we cannot allow price protection orders, as all orders placed in June to ship in June will be limited to the past 3 month average usage and all orders shipping on or after July 12, will be at new prices.

We appreciate your business and want to assure you that we value our relationship. We remain dedicated to supplying you with the highest levels of quality, service, and support.

Please don't hesitate to contact us with any questions or concerns you may have.

Sincerely,

Beth Thurber
Vice President
