Subject: Price Increase Announcement - Effective December 7, 2026

Dear Valued Customer:

At Papercutters, we have always made it a priority to provide quality products, dependable service, and competitive pricing. Equally important has been our commitment to maintaining price stability for our customers. Historically, our approach has been to absorb and level out fluctuations in costs rather than react to every increase with an immediate price adjustment. We believe this approach benefits our customers by avoiding unnecessary and frequent price changes and allowing for more predictable purchasing and planning.

Unfortunately, this past year has presented extraordinary challenges. Paper costs have risen significantly, along with increases in inbound freight, labor, packaging materials, and other components essential to our manufacturing operations. While we anticipated some of these cost pressures would moderate, they have continued well beyond our expectations.

Throughout 2026, Papercutters has implemented very limited price adjustments, choosing instead to absorb much of these additional costs. While our intention was to protect our customers from ongoing price volatility, the magnitude and persistence of these increases have made it necessary for us to begin passing along a portion of the costs we have absorbed.

Effective Monday, December 7, 2026, the following price increases will apply to orders placed on or after that date:

Product Category	Increase
Butcher Paper, Tablecovers	9%
Pink, Green, Natural and Black Steak Paper	9%
Red Butcher Paper	9%
Kraft Paper	9%
Freezer Paper	12%
Panliners, Parchment, Silicone	6%
Sandwich Wrap (Natural,Bleached,Yellow)	6%
Asphaltic and Non-Asphaltic Kraft	9%
Tissue	6%
Dry Wax Paper/Interfold	9%
Wet Wax Paper	12%

We will continue to accept orders at current pricing through December 6, 2026, provided quantities are consistent with normal purchasing patterns and historical usage. To ensure we can continue serving all our customers, we will not be able to accommodate unusually large orders intended to build inventory ahead of the increase.

We recognize that price increases present challenges for our customers, and we do not take these decisions lightly. Our goal remains to provide competitive pricing while maintaining the quality, service, and reliability you have come to expect from Papercutters.

We sincerely appreciate your business, your understanding, and the continued confidence you place in Papercutters.

Sincerely,
Jonathan Feldman
