RE: Price increase

Dear Customers,

Thank you for your continued support and business during this time. We hope everyone is staying safe and healthy. There has been another price increase on raw materials effective July 1st, 2021. To ensure that we are getting raw materials timely and that we remain competitive with labor, we are forced to also increase our prices on July 15th, 2021 by 8%. Raw materials are limited and once materials are exhausted at the old price, we will confirm orders with new pricing.

Thank you again for understanding and your continued support. A reminder to put in orders with a min. of 2 week lead time so we can better fill orders and ensure products are made timely.

Sincerely,

Santa Ana Packaging Team
