Subject: Libbey Price Increase—March 1, 2026

Dear Valued Customer,

We are writing to notify you of an upcoming price increase. Libbey recently announced a price increase, with a March 1, 2026, effective date, that will impact all Libbey brands and product lines within the Libbey portfolio of products. As a result of Libbey's price increase, Southwest Glassware will increase its prices on Libbey products effective March 1, 2026, as well. However, all orders placed and shipped before March 1, 2026, will be sold at the current price.

Libbey identified rising labor costs and raw materials, along with a shift in market dynamics as the reasons for the increase. Please know that we appreciate your business and work very hard to maintain our competitive prices in an ever-changing market. Southwest Glassware will continue to provide you with the highest quality products at competitive prices. Thank you for your business!

Yours truly,

/s/

Your Southwest Glassware Team
