Dear Valued Customer:

Due to an increase in various costs (labor, material and fuel etc.), it will be necessary to increase pricing by 18% for all plastic (OPS/PET).

The price increase will become effective as of February 7th, 2022. All orders shipping out on or after February 7th, 2022 will be at the updated price.

Order limits will be based on usual buying patterns.

As always, we appreciate your continued support.

Regards,

SOL-PAK INC.
