Dear Valued Tablecraft Customer,

Please see the attached Tablecraft Price List effective January 1, 2020. We ask that you share this with all your contacts that work with TableCraft Products.

Our average price increase is just under 3% for 2020. We have been very aggressive in driving down costs without sacrificing the quality of our items. While tariffs did impact some products, we were able to hold or even reduce pricing on items manufactured in the USA.

There are over 200 new items that will be added to the line in 2020 and we are very excited to bring them to the market.

Additionally, we have changed our unit of measures down to the each where possible to reduce unit of measure conversion issues.

If you have any questions regarding the pricing, please contact us at 800-323-8321 or contact your local TableCraft representative.

Thank you for your continued support and we look forward to working together into 2020 and beyond.

Sincerely,

Jeff Tait, CFSP
