

## Triple H Food Processors, LLC

Dear Viele & Sons:

Triple H Foods would like to wish you a Happy, Healthy and prosperous New Year.

2020, has been a challenging year, due the Covid-19 pandemic. Triple H has been fortunate; we have been able to continue production and operations without any interruptions. We have been vigilant on implementing guidelines to protect our customers, employees and vendors during these trying times.

Triple H has seen extended lead times from our vendors, some are quoting up to four month lead time on packaging, PET bottles, glass and closures. Along with price increases as high as 10%. Freight costs have also risen to the point that pricing is on a month-to-month basis.

It will be helpful if customers can plan at least 6 weeks for future productions in order to allow Triple H to obtain the necessary raw materials and packaging goods for your products.

Triple H did forgo a 2020 increase due to Covid-19 in hopes that it would help our customers thru the business interruption that we all have experienced.

Unfortunately, with the 2020 increases from our vendors that Triple H did not pass on, and the 2021 increase that our vendors have announced, Triple H will have to increase your pricing for this year.

Below is the 2021 price list on your product effective February 15, 2021.

PRODUCT	SIZE	DESCRIPTION	INCREASE
40086	4/1 GAL	CHEF CUISINE BBQ SAUCE	14%
47374LND	4/1 GAL.	LINDY'S RED TACO SCE	8%

As always, Triple H appreciates the relationships we have built with our customers and wish you much success in 2021 as well as you and your family staying safe.

Thank you,

Richard Harris  
Triple H Food Processors llc.
