Re: **Price Change Advanced Notification**

Good Morning,

Due to the recent tariff increases, Tuxton will be implementing a price change effective on **January 1, 2020**. When or if these tariffs are reduced or removed, we will make price adjustments again at that time.

The anticipated **Tuxton China January 1, 2020 Price List** will supersede all previous Price Lists or notification letters. All prices are subject to change without notice. Price changes will be effective on all purchase orders placed after December 31, 2019.

The **10% increase** across the board will affect all Tuxton product lines.

Please make sure to notify all staff in your company who are involved in purchasing Tuxton products of this upcoming price change.

We wish to thank everyone for their valued support as we strive to provide our customers with the finest in quality products and services.

Sincerely,

Bill Burden
President
