Dear Valued Customer,

At Unilever Food Solutions, we are dedicated to delivering the highest quality products and services. We appreciate your partnership and are excited about our joint opportunities to continue growing together.

As inflationary pressures persist, costs for key ingredients, packaging, manufacturing, and distribution have continued to rise. As a result, Unilever Food Solutions is implementing a list price increase **effective July 15, 2026, based on Unilever ship date.** This increase reflects only a portion of ongoing cost escalation, with the expectation that these inflationary pressures will diminish in the coming year. Accordingly, this letter serves to inform you of the new prices for affected items, which are detailed on the subsequent pages.

Dependent upon inventory availability, Unilever Food Solutions will support Jun orders up to 30% more than May volume leading up to the price increase on July 15, 2026. Please refer to back up materials for further details.

For any questions or concerns, please contact your UFS Customer Development representative directly. We appreciate your business and thank you for your continued partnership.

Sincerely,

Scott Salisbury

Vice President, Sales – US
