Re: W Packaging Domestic Price Adjustment March 15, 2022

Dear Valued Customers,

We have received notices from across vendors and suppliers in the industry that the pulp and paper prices are increasing, it is being reported that containerboard prices will increase by \$70/ton on March 1, 2022.

As a result of this industry wide increase on pulp and paper prices, we will be implementing a 14% domestic price increase effective 3/15/2022 for all domestic items, including generic, custom, Floorstock and BTO (Built to Order).

The 14% price increase will take effect for all domestic items regardless of location, or order type. All purchase orders being picked-up/shipped on or after 3/15/22 will be subject to the price increase regardless of when PO was received, or the ordering type.

We are working toward updating the domestic price list and will send it out to all reps and buyers once the updates are completed.

Please reach out to Larry Stewart at lstewart@wpackaging.net or your sales representative if you have any questions or concerns.

We appreciate your business and continued partnership.

Sincerely,

Larry Stewart
President
W Packaging, LLC.
