Re: 6.5% Domestic Price Increase –Effective April 21, 2025

Dear Valued Customers,

We were notified by our domestic paper vendors that our raw material costs will increase in April. We therefore must implement a **6.5% increase** on all domestically produced products.

This increase will take effect on April 21, 2025 and will apply to **all generic, custom, Floorstock, and Built-to-Order (BTO) items**, regardless of the location or order type.

We are in the process of updating price lists and will provide updated pricing as soon as possible.

If you have any questions or concerns, please contact Larry Stewart at lstewart@wpackaging.net or reach out to your sales representative. We appreciate your business and continued partnership.

Sincerely,

Larry Stewart
President
W Packaging, LLC
